

PROJECT ARCHITECT/MANAGER

GWWO Architects is seeking a Project Architect/Project Manager with 8–12 years of experience to join our K–12 education team. This position offers the opportunity to expand your expertise, strengthen your leadership skills, and contribute to innovative educational environments.

Primary Responsibilities:

- Work under the direction of the PIC and Team Leader to design and deliver innovative design solutions for our education projects
- Collaborate with other designers and managers in the studio to maintain the firm's design principles
- Implement the firm's design process and encourage the use of available innovation tools to achieve the firm's design and brand objectives
- Demonstrate knowledge of resources and materials and their application
- Take responsibility for ensuring codes, regulations, and industry standards are applied correctly
- Promote technical and professional excellence throughout the team
- Mentor and provide guidance to project team members to achieve objectives
- Stay informed about industry trends and challenges in professional practice, regulatory compliance, and construction
- Present designs to clients and continue to develop and refine presentation skills

Essential/Required Qualifications:

- 8+ years of experience in the industry; education project experience required
- NAAB-Accredited Degree in Architecture
- Proficiency in Revit Architecture
- Understanding of construction documents, including technical specifications and document coordination
- Strong building technology and problem-solving skills
- Ability to work well within a team structure
- Excellent time management and team organizational skills
- Quality-minded and self-motivated
- Fluency with Office 365 software
- Physical requirements: Visual review of documents, typing, traversing construction sites on foot

Strongly Preferred Qualifications:

- Architecture License
- Strong design sense and demonstrated design abilities
- Excellent programming and planning skills
- Experience with additional software platforms such as Adobe Creative Suite, SketchUp, or other 3D modeling software

Application: Click here to apply.

The selected candidate will work in GWWO's Baltimore office. In compliance with federal law, all persons hired will be required to verify identity and eligibility to work in the United States and to complete the required employment eligibility verification form upon hire.

Salary & Benefits:

The salary range for this position is $85,000 - $105,000 annually, contingent upon candidate experience and skill set. Employees are also eligible for annual bonuses and a comprehensive benefits package.

Benefits currently offered by GWWO include a 401(k) plan with employer contributions; medical, dental, and vision insurance; pre-tax medical and child-care reimbursement plans; paid professional organization memberships and professional development opportunities; in-house educational seminars; free parking; a generous vacation and absence policy; partially paid FMLA leave; and thirteen paid holidays (including the days between Christmas and New Year's).

About GWWO:

GWWO specializes in the design of cultural and educational projects with an emphasis on responsible design that is inspirational, evocative, and progressive. The firm's design excellence has been recognized with over 150 local, state, and national awards, including four AIA Maryland Public Building of the Year awards. A selection of our most recent achievements includes Honorable Mention in the Architect's Newspaper's Best of Practice Awards for Large Firm - Northeast; ranking by ARCHITECT Magazine as a top firm in sustainability two years running; and designation as a leading designer of museums, galleries, and cultural facilities by Building Design +. We currently employ a team of 60 and are located in McHenry Row in Baltimore's Locust Point neighborhood. We are an Equal Opportunity Employer, including Disability/Vets.
